## 51. Winter-Moto-Cross 2026 - Information for participants

### Welcome

Hello MX riders and teams,

In 2026, motocross riders will be lining up at the starting gate in Frankenbach for the 51st time, and we are delighted to be hosting the Winter Motocross for you once again.

To ensure that this WMX is another success and a relaxed and successful race day for everyone, we have put together some information for you here

Please take note of the individual points and if anything is missing or unclear, just contact André Telzerow at [zweiter@mccfrankenbach.de](mailto:zweiter@mccfrankenbach.de) or by mobile at +49 (0) 157 75400789. He will be happy to help and advise you.

So then ... for a great event on March 8th!

Your MCC Frankenbach

### 1. Entry

The entry form can be downloaded from the [MCC Frankenbach website](#). The entry form is available as a fillable PDF document. The entry form can be submitted in the following ways

- by post to the entry office (address on the entry form)
- by email to [nennung@mccfrankenbach.de](mailto:nennung@mccfrankenbach.de)

The entry fee is 45€ and can be paid in the following ways:

- by cash payment (by post) to the entry office
- by bank transfer to:
  - Recipient: MCC Frankenbach e.V. im ADAC
  - IBAN: DE08 6229 0110 0825 2990 04
  - BIC: GENODES1SHA
  - Bank: VR Bank Heilbronn Schwäbisch Hall eG
  - Reference: WMX2026, <name>, <class>, <startno.>
- by PayPal payment to: [mccpay@mccfrankenbach.de](mailto:mccpay@mccfrankenbach.de)
- by direct [PayPal.Me Link](#)

When paying by bank transfer and PayPal, please make sure to state the keyword 'WMX2026' as well as the name and class as a reference so that we can assign the payment to the team/rider. Example reference:

WMX2026, John Doe, MX1, 99

**IMPORTANT: Provisional entry deadline is 2026/02/22 at midnight**

### 2. Arrival / Parking

For directions to the MCC site, please refer to the map on the MCC Frankenbach website ([www.mccfrankenbach.de](http://www.mccfrankenbach.de)).

There are two paddocks on the MCC site (FL1 and FL2). The large team trucks / larger team vehicles of the MX 1 class will be placed in paddock 1 (FL1). The placement of the vehicles will be determined by the MCC officials. A special reservation is not possible. Care must be taken to ensure that the vehicles are positioned in a space-saving manner, as parking space in the paddock is limited.

Paddock 2 (FL2) is intended for MX 2/MX Women class vehicles.

The instructions of those responsible must be followed to ensure that the vehicles are positioned smoothly.

The entry times to the paddocks are as follows:

Friday	2026/03/06	<b>NO entry to the paddock possible!</b> <b>Exception only for team trucks with semi-trailers!</b>
Saturday	2026/03/07	10:00 am until 10:00 pm
Sunday	2026/03/08	06:00 am until 10:00 am

### 3. Space requirement in the paddock

Teams arriving with larger vehicles (trucks, trailers, etc.) please let us know in advance the type of vehicle and the dimensions of the required parking space, including the awning/front area.

### 4. Electricity connection in the paddock

Paid power connections with limited capacity are available in paddock 1 (FL 1). Please speak to the responsible persons if required.

There are no power connections available in paddock 2 (FL 2).

### 5. Training opportunities

The motocross track is closed for preparations until the winter motocross. This means that no training opportunities are available up to the event.

### 6. Registration

Registration takes place on the following dates:

All classes:	Saturday,	2026/03/07	3:30 pm	until	6:00 pm
	Sunday,	2026/03/08	7:00 am	until	10:30 am

### 7. Schedule

The schedule will be published on the MCC website when registration closes.

### 8. Technical acceptance

The technical inspection of the competition vehicles will take place on the following dates:

all classes:	Saturday,	2026/03/07	4:00 pm	until	7:00 pm
MX 1:	Sunday,	2026/03/08	7:30 am	until	10:10 am
MX 2:	Sunday,	2026/03/08	7:30 am	until	11:00 am
MX Women:	Sunday,	2026/03/08	7:30 am	until	10:50 am

### 9. Race mode

- Free practice is scheduled for 25 minutes. This will be followed immediately by a 5-minute start practice session.
- Qualifying is scheduled for 20 minutes per class and may be divided into two separate groups.
- In each class, the fastest 36 drivers from qualifying will be admitted to the races.
- There will be two races in each class.

Please also note the current notices shortly before and on the day of the event.

### 10. Staging

Every rider must be present at the pre-start in time. The closing time of the pre-start area is indicated in the official schedule. Riders arriving after this closing time will not be admitted to the pre-start area and will be excluded from the corresponding race.

The current schedule is always posted at the registration container. The announcements of the race speaker and the current notices are decisive for the time schedule.

### 11. Interview point

After the races, our race speaker will wave one or two drivers out for a short interview. Please comply with this request so that we can offer the spectators a few impressions of the race from a rider's perspective.

The interview point is located directly to the left at the track exit on the small hill.

### 12. Environmental regulations

We ask the drivers / helpers to strictly adhere to the following points regarding environmental protection.

1. Each participant is responsible for the disposal of waste and used materials (e.g. used oil, tires, used parts, paper, cardboard, etc.). The organizer will only provide containers for household waste. It is strictly forbidden to throw away or leave waste or waste materials. In the event of non-compliance, the participant - who is also liable for his helpers - will be fined by the DMSB stewards.
2. Approved environmental mats must be placed under the motorcycle when refueling the motorcycles and working on the engine or gearbox on the event site, paddock and industrial camp.

These environmental mats must be taken away by the participants immediately after the event to avoid environmental damage.

3. **Cleaning the motorcycles with a high-pressure cleaner in the paddock is prohibited!**  
**Cleaning the motorcycles is only permitted on the washing area at the entrance to the paddock. High-pressure cleaners must be brought by the rider / mechanic.**  
**Only cleaning agents with biodegradable chemical substances may be used to clean the motorcycles**  
**There are no electrical connections available on the wash plate. Therefore, only high-pressure cleaners with combustion engines can be used.**

Each participant is personally liable for any violation of this regulation.

The organizer reserves the right to withhold the prize money until the damage has been established.

The organizer has appointed an environmental officer to monitor the environmental regulations. Any non-compliance with the environmental regulations will be reported immediately to the stewards and the race management.

Since we as organizers also want to continue to offer drivers the opportunity to participate in motorsport in Frankenbach, we would like to point out the strict compliance with the aforementioned requirements.

Thank you for your support!

### 13. Prize money

- In the MX 1 and MX 2 classes, prize money will be paid out for each race up to and including 20th place.
- In the MX Women's class, prize money will be paid out for places up to and including 16th place in each race.
- The prize money will be handed out at the registration desk at the end of the event.

### 14. Posting of results/schedule

- The official paper notice will be posted on the right-hand side of the registration container. The current schedule and results lists will be published there.
- The digital notice will be posted on the MCC Frankenbach website at the following link:

### 16. DMSB Guidelines: Tear-Off

According to the 'DMSB Handbook 2025 – Orange Section: Technical Regulations for Motocross' under point 01.65.04, tear-off films without a retention system are not permitted during races! We ask you to use alternative systems, e.g., Progrid Green System or roll-off systems.

### 17. DMSB Guidelines: Helmet cameras and their mounts

According to the 'DMSB Handbook 2025 – Green Section: DMSB Motocross Regulations', under point 5 'Driver Equipment', helmet cameras or mounts for helmet cameras are not permitted!
